4-H Responsible Environmental Stewardship – Quest (4-H RES-Q)
A science and recreation based program at the Arkansas 4-H Center.

Sponsored by:
Our Goals

- To provide learners of all ages a positive outdoor education experience;
- To instill a lifelong enthusiasm, appreciation, and sense of responsibility toward the natural world;
- To assist participants in ultimately making informed environmental decisions
What We Offer

The C.A. Vines Arkansas 4-H Center is a 228 acre outdoor learning lab including a nature cabin, trails, meadow, natural springs, and six-acre lake.

Program partners:
University of Arkansas Cooperative Extension Service, Arkansas 4-H Foundation, Arkansas Association of Conservation Districts, Arkansas Game and Fish Commission, Arkansas Department of Environmental Quality

4-H Life Skills are incorporated into all programming.
